

The Paintspert System is as  
Easy as 1, 2, 3.

1. A general assessment of your complex or building containing easy to read colour coded priority listing.
2. Based on the above SAP report a pricing guide will be compiled and introduced at a Pricing Meeting. Where terms and conditions of the project are discussed with relevant applicators.
3. Monitoring of Work-In-Progress to detail application being done.

With 25 years experience in the industry we are bound to strengthen your maintenance team. Our system is designed to be affordable and easy to use.

We Speak Your Language  
When it Comes to  
Maintenance.

**For Services Such As:**

- Waterproofing Evaluation
- Work In Progress Inspections
- Problem Solving
